*Here is an ancient pile all stained and scarred  
By centuries of rain and blasting storm,  
Yet in the few short years since thou wast born,  
No backward look thy spreading fame has murred.  
Forth went thy sons when jealous races warred,  
Died at Latema, and 'mid Flanders' corn,  
While Achi Baba grim and battle worn,  
O'er Milton graves eternally keeps guard,  
Proud were the man whose noble name you bear  
Could he behold the inmates of your walk,  
O'er half a continent thy summons calls  
Fathers to place their sons in Milton's care,  
Throughout this land thy cry rings loud and long,  
"Oh, quit yourselves like men. Be strong, be strong!"*

## EDITORIAL.

We are calling this issue of the "Miltonian" the fourth number of the eleventh Volume, in the hope that the next issue will begin a new series of Volumes that will chronicle the history of the New Milton School.

As this number, then, is likely to be the last to be produced from our present quarters, it is fitting that every now and again we should look backwards and compare the past with the present. In so doing, we are impressed by the rapid growth of the School, not only in numbers, but also in achievement. Rather

than give a complete historical summary, however—for such can be found in the "Miltonian" issues of June, 1912, and August, 1925—we have endeavoured in this issue merely to preserve the historical flavour by mentioning "first occasions," original precedents, and the dates of the first meetings of the various clubs.

The "Miltonian" itself was first brought out some two years after the official opening of the School, and, except for a break of three years during the War, it has adequately served its purpose as a record of the School's doings for sixteen years. It has preserved its original form until this issue, when it will be noticed that a slight alteration has been made in the crest.

### FACTS AND FIGURES.

Exactly seventeen years ago, on the 25th July, 1910, the Milton School was officially opened by H.H. the Administrator, Sir William Milton. The School began its career with an enrolment of 80 pupils, 17 of whom were boarders, and a staff of four masters. Our roll is now 525, with 168 boarders in the Senior Houses and 62 in the Junior House. The Staff numbers 25.

\* \* \* \*

Our War record is so well known that it hardly requires publishing again. Thirteen boys and masters sacrificed their lives, and the Active Service Roll contained Seventy-two names.

The Examination Record of the School is no mean one, and may be tabulated thus:—

Rhodes Scholars ... .. 10

Beit Bursars ... .. 17

#### Cape Matriculation:

(Class I.) ... .. 5

(Class II.) ... .. 0

(Class III.) ... .. 10

(New Regs.) ... .. 10

London Matriculation ... .. 11

#### Junior Certificate:

(Class I., Div. 1) ... .. 4

(Class I., Div. 2) ... .. 14

(Class II.) ... .. 34

(Class III.) ... .. 50

Beit Scholars ... .. 34

\* \* \* \*

In sport, the activities of the School have been too numerous to mention. The logs of the Plumtree matches, however, may be given:—

#### Rugby:

Played 25, won 17, lost 5, drawn 3

#### Cricket:

Played 27, won 16, lost 10, drawn 1

\* \* \* \*

We have won the Directors' Shield for Cadet Corps efficiency three times: in 1918, 1925 and 1926; the Strong Cup for boxing in 1925 and 1926; the Administrator's Shield for Senior Athletics three times, and the Small Workers' Cup for Junior Athletics twice.

CADET CAMP. GWELO. 1926.

MIDON INTERMEDIATE SCHOOL REPRESENTATIVES.

THE LINES FROM THE KOPJE.

get Scholarships though they try; and those who fail to try to get them. The last-mentioned, I always found, were better at getting "tries."

It is like that at School—you can't help scoring in one way or another. It rouses the something in everyone that would have lain dormant, perhaps for ever—under other circumstances. It is called Ambition.

It is a disease—in a way. But you never know you have it on you until you have left School. Then—although it is too late to recuperate—you long for the chalked-up writing on the wall, and want to be doing the things you never did.

Then it is that you wish that you were still a Y.M. instead of an O.M.—but you do that in any case.

Anyhow, experience varies so that School life is always interesting.

J. A. R. (O.M.).

### THE CRICKET TOUR TO THE RAND.

Greatly daring, and in humble emulation of the spirit of the Rhodesian Pioneers, the School has blazed the trail from Bulawayo to the Rand for future Rhodesian School Cricket XI's.

This ambitious undertaking was made practicable, primarily through the untiring efforts and enthusiasm of Mr. D. J. Mentjies, representing the Wanderers' Club, Johannesburg, the warm hospitality of Mr. Robinson, the acting headmaster of

King Edward School, Johannesburg, where the Milton team were guests of the school, and last but not least through the financial help of some good friends of Milton.

Owing to the clashing of the Matriculation Time Table with certain of the proposed days of play, it was necessary to cancel the fixtures proposed with St. John's and Jeppe Schools, and eventually it was possible to arrange only two games—the one with Hilton College, Natal, on the day of our arrival at Johannesburg, and the other with King Edward School the following day.

In spite of the long and tiring train journey, the School put up a good fight against Hilton, and did well, after a tiring day's fielding, to knock up 206 runs for the loss of eight wickets. A fine innings of 80 by Hepker and an invaluable 50, not out, by Hayward, when at a critical period of the game he restored the position, ably supported by a courageous and equally determined effort on the part of C. W. Perry, enabled us to make the game drawn.

On the Hilton side Bowley, Trollip and Jackson played very attractive cricket for 102, 46 and 60 respectively. The fielding of both sides was good.

Both teams were the guests of the Wanderers' Club for luncheon, and we appreciated to the full the honour of being allowed to play our first game on the historic Wanderers' Ground, and the hospitality which this great club—the M.C.C.

of South Africa—extended to us Rhodesians. During lunch Mr. Kent, chairman of the Wanderers' Club, paid a warm tribute to the enterprise of the School in travelling over a thousand miles to play two games, and congratulated us on the keenness and quality of our fielding.

Col. Brady replied for the School, and said he hoped the trail we had blazed would be well worn in the future by school elevens from the Rand and Natal to Bulawayo. He also said that the School would be well satisfied with the result of the tour if we succeeded in showing that in Rhodesia the game was played in the true spirit of cricket, and that we could meet triumph or disaster with a smile.

The following day we played the King Edward XI. on their ground and were decisively beaten. Whilst in a minor degree the long train journey and previous hard day's cricket, and possibly the absence of screens on an unfamiliar field, prevented us from showing our best form, we admit without hesitation that we were beaten by a team superior to us in every department of the game.

Mr. Robinson, the acting head, and the King Edwardians did everything possible to make our stay enjoyable, and we have brought back with us nothing but the happiest recollections of their hospitality and good-fellowship.

We hope to be able to repay them in some small measure when they visit us at Christmas, for the

warmth of their welcome not only off, but on the cricket field!

**MASI-A-TUNYA.****The Smoke that Thunders.**

"Five thousand pounds?" said Silas K. Kukumber, the American millionaire, who was staying at the Falls Hotel. "Make it ten thousand!"

"Done!" said Major Mastyn. "My boy will do it!"

That was why on April 1st, 192—, there was a crowd of eager, sensation-loving American tourists, clad in bathing costumes, and armed with cameras, clustered at the brink of the Rain Forest.

They were there to witness the daring attempt of John Wheeler, a Rhodesian lad scarcely nineteen years of age, to fly in a little "Moth" aeroplane down the whole length of the Gorge from the Eastern End to the Devil's Cataract. The aeroplane had been provided by Silas K. Kukumber, who had made the bet that Major Mastyn's nephew would not do it.

At exactly nine o'clock that morning the gleam of sunlight on silver wings marked the approach of John in his aeroplane from Livingstone Aerodrome. For a few moments the glittering little 'plane hovered like a dragon-fly over the Cenotaph at Palm Grove; and then it darted forward and downward into the Gorge, misty with "The Smoke that Thunders." Rainbow colours scintillated on shiny wet wings and fuselage, as the tiny machine shot forward. For a moment, as he neared the Main Falls, the spray clouds parted. But even as he shot into the open, there came the splutter of a faulty engine.

"My God!" cried the Major in dismay as he gripped the millionaire's arm. "He's gone!"

The awe-struck spectators saw the 'plane caught by a great gust of wind and hurled into the very centre of that mighty, foaming wall of water—the Main Falls.

Forty-eight hours later, half-a-dozen persons were together in a private ward of the Livingstone Hospital, where after prolonged

AT THE B.A.C. GROUND.

MILTON V. BAYLON II.

swept away with its intended victim? By what miraculous circumstance had John been swept up, still living, at the Silent Pool, where we had found him?

I have often asked myself since, had John been the victim of some terrible nightmare, or had he seen what he had so vividly described? Was there any foundation for the legend? Masi-a-bunya still holds its secret.

—S. J. KNIGHT.

### RUGBY NOTES.

Only six of last year's "colours" were left to form the nucleus of this year's fifteen, and the loss was felt particularly among the backs. We have also been unfortunate in the number of casualties that occurred in the early part of the season, with the result that until the Plumtree match we were unable to field the full 1st XV.

S. J. Knight was elected Captain and S. McPhee Vice-captain, and they have worked hard during the term.

During the first week of next term we are to play Michaelhouse, Natal, and members of the XV. are urged to keep themselves as fit as possible, especially during the holidays.

#### School v. B.A.C.

30th April, 1927. Lost 5-15.

In this, the first match of the season, we were unfortunate in not being able to field a full first fifteen, owing to an unusual number of injuries among the backs.

Despite this the school did well against much heavier opponents, the forwards playing particularly well. Smith at full back did excellently in his first game for the 1st XV.

B.A.C. deserved their success and eventually ran out winners by 15 points (1 goal, 2 tries, 1 drop goal) to 5 points (1 goal).

#### School v. Rayton II.

7th May, 1927. Won 9-3.

The side was again handicapped by having to play a weak three-quarter line, but nevertheless should have won by a bigger margin, had advantage been taken of the opportunities that were offered. The forwards again played well, and McPhee, in his old position at full back, gave a good display.

#### School v. Queens II.

May 14th, 1927. Won 13-6.

Smith again took McPhee's place at full back, otherwise the XV. was at full strength for the first time this season.

The side did not seem to get together during the first half and Queens led 6-0 at half-time.

During the second half, however, the team gave a most convincing display and eventually won by 13 points (2 goals, 1 try) to 6 points (2 tries).

This was one of the best games that the School has played against a Second League side, and playing with dash and determination the XV. thoroughly deserved their success.

Queens battled hard, but the School tackling was too deadly. Tries were scored for the School by Dicks, Wilson and Streak.

### School v. Plumtree (25th match).

May 24th, 1927. Drawn 0-0.

For the first time in the history of these games the match ended in a pointless draw.

Right from the kick-off the game was fought at a tremendous pace, and the tackling on both sides was very hard.

During the first quarter of an hour Plumtree were kept on the defensive and faulty handling by our backs lost us two chances of scoring—our backs must realise, among other things, that one of the first things to learn about handling a rugby ball is "to keep your eye on it."

Plumtree did not look dangerous during the first half, and half-time arrived with no score.

During the second half a ding-dong struggle ensued, the play swinging from one end of the field to the other. The School lost another certain try by bad handling and Plumtree missed two penalties, one an easy one.

Our backs played a fine defensive game, Payne, Streak and Martin being particularly prominent in this respect, while McPhee gave as good an exhibition of full back play as anyone could wish to see. He did not make a mistake.

It would be invidious to make distinctions among the forwards, who played a good game, although towards the end, one or two of

them seemed to feel the effect of the pace.

The School 2nd XV. lost to Plumtree by 16 points to 9 points, while the 3rd XV. won their match by 12 points to 7.

## SWIMMING NOTES.

After the opening of the Bula-wayo Municipal Swimming Bath, the School formed a Swimming Club at the beginning of the October term last year. At the first General Meeting, Mr. G. D. Smith was elected Vice-President. A. Perry and C. Perry were elected Captain and Secretary respectively. Mr. Smith outlined a system of awarding points to Houses when their representatives had completed certain distance tests and time tests.

House Relay Races, Senior and Junior, were frequently swum, and our first outside match was held on the 6th November against the Chaplin High School at the Bula-wayo Bath. The meeting was very successful, and Chaplin are to be congratulated on winning both the Senior and Junior Sections. After the races, Mr. R. Y. Gibbs very kindly gave an exhibition of strokes, very much appreciated by all.

The results of the matches were as follows:—

### Senior.

50 Yards: 1, Westland (C.); 2, Cole (C.); 3, van Blerk (M.).

75 Yards: 1, Garside (M.); 2, McDonald (C.); 3, Knight (M.).

Relay Race (4 breadths) : 1, Chaplin; 2, Milton.

Diving: 1, Flayward (M.); 2, Jacobson (C.); 3, Masters (M.).

Chaplin, 13 points; Milton, 9 points.

### Junior.

25 Yards: 1, Palmer (G.); 2, Duchemin (M.); 3, Gordon (C.).

50 Yards: 1, Palmer (C.); 2, Tyrrel (C.); 3, Duchemin (M.).

Diving: 1, Gower i. (C.); 2, Gower ii. (C.); 3, Skinner, H. (M.).

Relay Race: 1, Chaplin; 2, Milton.

Chaplin, 18 points; Milton, 4 points.

At the beginning of this year a General Meeting was held. Owing to disproportion in the swimming strength of the Houses, the whole School was divided into four Sections, with a Captain responsible for each. S. J. Knight was elected School Captain, and F. C. Wisdom Secretary. It was proposed to hold a return match against Chaplin School at Gwelo, but unfortunately a suitable date could not be found.

### CRICKET NOTES.

The first Cricket Match ever played by the School was a match against Plumtree, played on the Milton Ground on 9th December, 1910. The record of the result and the scores has unfortunately been lost.

\* \* \* \*

The event of outstanding importance during the 1926-1927

season was the visit of the First XI. to Johannesburg, details of which will be found elsewhere in these pages.

As far as local cricket is concerned, the School enjoyed a very successful season. It is sad to relate that this success cannot be attributed in any way to the encouragement given us by the Bullawayo and District Cricket Association, for never in the history of the School have we been so badly provided for in the matter of fixtures with local sides.

V. Hepker, last year's Captain, left us in December, and while we regret his loss, we are fortunate in having had C. J. R. Hayward to lead the XI. this year.

Once again we succeeded in defeating Plumtree in both matches played against them during the season, thus maintaining the unbeaten record which we have enjoyed since November, 1923.

The following games were played during the season:—

13th November, 1926—

Milton, 144 for 5.

Queen's "A," 144 for 9.

19th and 20th November—

Milton, 261, and 56 for 5.

Plumtree, 142, and 173.

27th November—

Milton, 238 for 2.

Queen's, 118 for 8.

15th December—

Milton, 206 for 8.

Hilton College, 266.

16th December—

Milton, 54, and 102 for 5.

King Edward VII., 229 for 3.

15th February, 1927—

Milton, 146 for 5.

Mr. Brown's XI., 127 for 7.  
 23rd February—  
 Milton, 248 for 5.  
 Standard Bank, 154 for 6.  
 5th March—  
 Milton, 211 for 8.  
 Queen's "A," 124.  
 12th March—  
 Milton, 198.  
 Mr. Thompson's XI., 115 for 8.  
 23rd and 24th March—  
 Milton, 202 and 78 for 2.  
 Plumtree 88 and 187.

### Milton v. Plumtree.

R.A.C. Grounds, 19th and 20th  
 November, 1926.

The School won this match by five wickets after one of the most exciting finishes ever witnessed in these games.

Plumtree batted first, and, with 50 runs on the board and only one man out, looked as though they were going to make a big score; but the remaining nine wickets fell for only 62 runs. Garrett (21), Fleming (30), and Napier (27) were the only Plumtree batsmen to cause our bowlers any trouble.

The School's first innings realised the useful total of 261, to which Dugmore contributed a fine century. Dicks (44) and Knight (34) also scored well.

Plumtree fared better in their second innings and were eventually dismissed for 178, leaving the School half-an-hour in which to score 55 runs for victory. Amidst great excitement, the winning hit was made in the last over of the day.

## Milton v. Plumtree.

At Plumtree, 23rd and 24th  
March, 1927.

The School defeated Plumtree for the second time during the season, by eight wickets.

Batting first, the School made 202 runs, Hayward (82), Knight (30), McPhee (27), Martin (23) being the chief scorers. Hayward's was a very fine effort indeed—going in first, he was last man out.

Plumtree then batted and unexpectedly collapsed before the bowling of Willing (6 for 31) and Charsley (4 for 25), and were dismissed for 83 runs. Plumtree followed on, and with 5 wickets down for 51 runs, it looked as though there was going to be a repetition of the first inning's collapse. On the second day, however, their "tail" wagged, and the innings closed for 187 runs, leaving us 74 runs to make for victory. These runs were knocked off for the loss of two wickets. Willing bowled well throughout, and his 12 wickets for 95 runs was a very fine performance.

### PRESENTATION OF CRICKET BATS.

During a "Bioscope Show" given by Mr. G. T. I. Leonard, on the 9th April, the Headmaster, in a short speech, summed up the successes of the School Cricket season, made a few remarks on the prospects of the Rugby season, and made the following awards:—

- C. J. R. Hayward—a bat presented by Messrs. Charles Salomon & Co.
- S. J. Knight—a bat presented by Messrs. Landau Bros.
- J. Willing—a bat presented by Messrs. Harris & Osborne.
- J. Charstey—a bat presented by Messrs. Lennon Ltd.

We take this opportunity of complimenting Mr. Ledebor on the success he has had with the cricket teams this season, and we wish to thank him for all the trouble he has taken, the time he has spent, and the keenness he has shown in making all branches of the Milton sport as flourishing as they are.

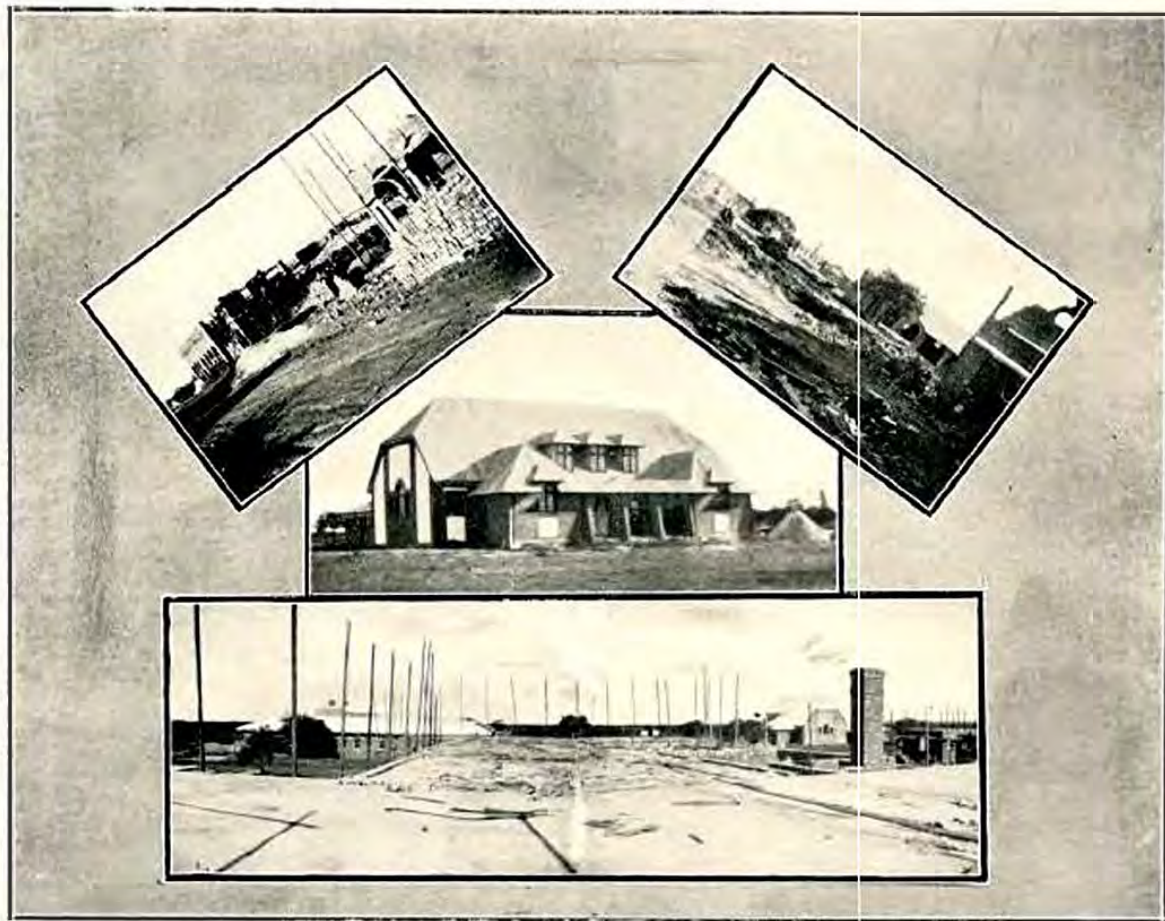

### STAFF NOTES.

Since the last issue of the "Miltonian" we have had several changes of staff.

At the end of last year we had to bid farewell to Mr. D. J. Williams, who was going overseas on leave. At a morning tea, kindly arranged by Miss Hall, Colonel Brady made reference in a short speech to Mr. Williams' work in the various departments of school life, and presented him with a writing case as a memento from the Staff. The boys also showed their appreciation of Mr. Williams' labours by giving him a cigarette case engraved with his own monogram.

We have heard since that on St. David's Day, Mr. Williams officially resigned from the Department, and we understand that he is now a Southampton House Agent, with a pleasant cottage at Cowes.
